Meriter PICC Contact Information

Dial Vocera at 417-8000

Ask Vocera to "Call Vascular Access"

Dial Operator "0" or x76000

Ask to be transferred to Vocera

Ask Vocera to "Call Vascular Access"

*If VA is not reachable call the NAC at 75865 (417-5865) or #129-0151, and s/he will locate a Vascular Access RN to assure the critical test result is received. The RN will then call the Radiologist to confirm s/he received the message.

CRITICAL RESULTS:

- Pneumothorax, if unexpected
- Tension pneumothorax
- Aorta - leaking aneurysm, rupture, dissection
- Ischemic bowel
- Acute extra-axial collection, including acute subdural and epidural hematoma
- Unstable spine fracture
- Pneumoperitoneum (not post-op)
- Significant misplacement of support apparatus (includes malpositioned tubes, lines, foreign body)
- Massive hemoperitoneum on CT or US
- Pulmonary embolism/acute DVT
- Ectopic pregnancy

**Reported within 60 mins of known results

CRITICAL TEST:

- Head CT or MR on acute stroke patients
- **Results are communicated to the provider as determined by Stroke Guidelines:
- Diagnostic brain image within 25 mins of it being ordered
 - Diagnostic image evaluated and communicated by qualified personnel within 20 mins of completion
